Wickr is committed to meeting and exceeding industry standards for transparency reporting. In this report you will discover the details of the past six months of our receipt and responses to user information requests or legal processes from January 1, 2019 until June 30, 2019. Additional information can be found in our [Legal Process Guidelines](#).

Our Philosophy & Impact

At Wickr, we hold a long-standing belief that transparency is a prerequisite to earning our users' trust and growing our platform. And while the messages we secure will never be outwardly visible, our practices, policies and philosophies – especially as they relate to how our privacy practices - should be front and center. Our semi-annual transparency reporting practice is designed to inform users about requests for their account information.
